This course is designed to provide the certification required to process a clandestine laboratory, rolling clan lab, or dumpsite to include assessment, hazard mitigation, evidence collection, chemical handling and documentation set by the Occupational Safety and Health Administration in OSHA 29 CFR 1910.120 Hazardous Waste Operations and Emergency Response (HAZWOPER) and EPA 40 CFR 311. In addition, this course meets the requirements for Site Safety Officer Training.

**Course topics include:**
- Clandestine Laboratory and Regulatory Overview
- Transportation of Hazardous Materials
- Chemical and Physical Hazards
- Site Control and Decontamination
- Principles of Toxicology, NIOSH Guide
- Assessment and Processing Procedures
- Air Monitoring, Respiratory Protection, and PPE
- Documentation and Reporting
- Documentation and Reporting

**MANDATORY MEDICAL CLEARANCE:** All students must have medical clearance prior to attending this class. Forms are available at: [http://www.cpsitraining.com/assets/Medical_form.pdf](http://www.cpsitraining.com/assets/Medical_form.pdf) and must be e-mailed to walker.gail@spcollege.edu by December 1. Class size is limited to the first 40 students with both paid registration and Medical Clearance forms submitted. **EQUIPMENT:** All equipment needed during the training will be provided. It is the agency's responsibility to provide PPE equipment for their certified officers once in the field. **Men must be clean shaven for the fit-testing portion of the class.**

| December 7 - 11, 2015 | Instructor John Porter is a retired Detective First Lieutenant from the Michigan State Police after 25 years of service. He is Clan Lab and Site Safety certified and was the regional meth coordinator for west Michigan. He has responded to hundreds of labs during his career, including planning and executing search warrant entries into suspected lab sites. He was a member of the Michigan One Pot Study group which developed safety protocol for one pot meth lab response in Michigan. He has provided Meth certification and tactical related Training in 15 states and Guam. He has also provided training to Civil Support WMD response teams throughout the country. |
