UPDATED DAILY! The Street Survival Seminar is the most contemporary and progressive officer/citizen safety seminar in the country! We incorporate the latest videos available and address the most current issues important to today's law enforcement officers.

Our 2017 focus is educating today's officer in the statistical realities of surviving the "24/7" aspect of a career in Law Enforcement. We examine the impact that video and the internet has on the relationship between the police and the public it serves.
