INSTRUCTOR: SHAWN PAPPAS**

**HOSTED BY SEPSI: 3200 34th St S, St. Petersburg, FL
33711**

REGISTER HERE: <https://suarezinternational.com/>

This is our flagship course and goes as far as you can safely go on a square range with live-fire pistols. The dynamic curriculum surpasses the traditional handgun methods commonly taught in most institutions and focuses on the use of the pistol in aggressive close range applications likely in individual civilian street encounters.

We must point out that **THIS COURSE IS NOT FOR THE NOVICE SHOOTER**. If you have not received basic instruction, or have a question about your skill level, please call us first.

REQUIREMENTS: Approximately 500 rounds (Minimum)

Modern defensive pistol and a holster specifically made for that pistol and designed to be worn on the belt. Three (3) magazines and magazine pouch, a belt of the same width as the belt loops for the holster and magazine pouches, and range safety gear (eye protection, and ear protection). Bring your flashlights for the low light module.

This class is restricted to Law Enforcement, Corrections and Military. If you have a question as to your eligibility please contact Shawn Pappas at 727-564-2556
